The A. H. S. Newscast

By Peggy Ellen Cole

Hello everyone.

Well, here we are back again at good old A. H. S. and each of us is ready for a year of study and activities.

There was quite a buzz in the halls Thursday when fellow classmates and friends met for the first time since last June. Some of our old graduates were visiting us also. We are always glad to have them come back.

We want to welcome the 114 eighth graders, new students and new teachers. We hope they won't hesitate to call on any of us for information or anything else that they may be having trouble with. We sure are happy to have them, and we want them to feel right at home.

We are happy to see so many of our former teachers back with us this year. We are looking forward to working with them again.

The cafeteria is all bright and clean with new paint and some new furniture. A new system of serving has been installed and is working out nicely. Many of the former workers are back and it is always a welcome sight to see their cheerful faces. We want to welcome the new manager, Mrs. Barger and hope we will soon become well acquainted.

The Senior Class held its first class meeting Monday. The following officers were elected; president, Leon Paulette; vice-president, Billy Johnston; secretary, Joan Harvey; treasurer, Sylvia Burks, reporter, Nina Barlow, and historian, Ann Gond.

Congratulations are in order for Coach Gordon Bragg and the football team for their 48-7 victory over the E. C. Glass Jayvee's. The touchdowns were made by Maymond Mitchell, Ed Cawthorne, Bobby Chernault, Henry Doss and Ray Wingfield. The team seems to be in great shape for the tough schedule ahead and we wish them luck. Our next game is at Crewe September 28, with Crewe High School.

The cheerleaders have been practicing since the first of August for the football season. They are ready and look snappy in their new uniforms. They go to the games to lead you in cheering the team to victory so let's have a large crowd at the first home game to help them. The team can't lose when you let them know the whole school is behind them.

Home-coming this year is October 5, and Coach Bragg and Mrs. Brown have plans well under way. The program for the day has not been released but I do know of a few events that will take place. There will be a parade through town led by a band; a football game with Blackstone that night, and an orchestra dance after the game. As soon as the program for the day is completed, it will be printed in this paper. Home-coming this year promises to be the best ever so plan now to attend.

I hope all of you got your entries in to the Name Contest. It will be nice to have a name for our teams, and who knows, you may be the winner of $5.00. Be sure to be at the football game September 28 because the winner of the contest will be announced then.

This just about covers all the news for this week, but I will be back with more next week. So long until then.

Inspection Time For Cars

Richmond, Va., Sept. 26.- Owners of 943,523 Virginia motor vehicles are urged to present their vehicles to inspection stations early and not risk running past the deadline of midnight on November 15, Captain W. L. Groth, Safety Engineer for the State Police and Deputy Administrator of the Governor's Highway Safety Committee stated today as preparations were completed for the official fall inspection period opening October 1.

With 2,000 official stations and 9,000 certified mechanics, Capt. Groth said there should be no crowding if motorists would avoid the usually inevitable last-minute rush. When this occurs, stations are overtaxed and car owners who cannot procure the new green and red sticker will be subject to arrest if they drive their vehicles.

In making this request, Captain Groth noted that there are now about 30,000 more motor vehicles in Virginia than there were during the spring period. He added, however, that the extra burden could be handled by the stations and that, as yet, there was no indication that a shortage of replacement parts would appear.

The Safety Engineer noted also that the final instruction period for certified mechanics took place Sept. 24 and that stickers and receipts were mailed to the stations the 25th. Mechanics this period, he said, appeared to show a greater interest than usual which is possibly due to the mounting number of highway deaths.

While every effort is made in approving stations and mechanics and supervising their activities, he pointed out that some irregularities were expected to appear and that the public is invited to make proper reports of them. Since the first of the year, he said, 14 stations have had their privileges suspended and 40 others have received official reprimands. He noted further that defective cars involved in crashes decreased from 8.7 per cent in 1949 to 8.2 in 1950.

In closing, he asked motorists to present their cars personally to avoid misunderstandings, reminded them that no station could compel them to have repairs done but that they could get estimates from other stations, asked them to allow for honest mistakes which were corrected and for normal differences in estimates and to bear in mind always that the repairs or adjustments effected could well be the means of saving a life.

First Home Football Game Friday Night

Appomattox High School downed Crewe High School at Crewe last Friday night by a score of 26 to 0. The local eleven showed a very good offensive and defensive team Friday night and with a little more work should be ready for the rest of the difficult schedule.

Flood, chairman of the health committee, reported that 488 children and teachers were now participating in the group insurance plan.

Following the business session, Mrs. H. E. Kerr, chairman of the program committee, introduced Mrs. Nancy Scott Goode, who with her Choral Group, sang two numbers. This was followed by readings by Miss Beulah White and a talk on P.-T. A. by Mr. W. W. Burke.

Legion Told Of Activity For Americanism

On Monday evening, the American Legion and the Legion Auxiliary had as their guests at a buffet supper their families, the county officials and families, "Sam" Daniels and family, of Danville; Charles Kessler, of Richmond and Mr. and Mrs. Sam Putney, of Farmville.

Following the supper, which was served by the ladies of the Auxiliary, Commander Ivey Holland introduced the guest speaker, Charles Kessler, Adjutant of the American Legion, Department of Virginia. Mr. Kessler gave a most inspiring and forceful address on the place of the American Legion in the community and nation. He stated that always the Legion has been striving to build up such a positive Americanism that our nation need not fear any of the "isms" that have threatened the nation from time to time.

Mr. Holland then introduced Mr. "Sam" Daniels, State Commander, who took as a topic for his brief talk the word "Reactionary." Mr. Daniel declared that each of us should be proud to be called reactionary if it means going back to the political faith of our forefathers who established the oldest existing democracy in the world, and to the spiritual faith of the Man of Galilee which has not been surpassed in 2,000 years.

ABBITT ASKS HELP TO FIGHT TOBACCO DISEASE

A request that government experts be sent to Virginia to help fight tobacco plant diseases has been made by Congressman W. M. Abbitt, of Appomattox.

In asking Secretary of Agriculture Brannan for such aid, Abbitt wrote that "unless something is done very quickly" the industry will be "irreparably damaged."

He proposed that government plant technicians work with the Virginia Extension Service in an effort to produce disease -resistant varieties.

Last week, Governor Battle and his budget advisory board were told that "black shank" and other diseases are a "very serious" threat to the state's tobacco crop.

The Governor and the board during a visit to Blacksburg, heard a plea for state funds to combat the disease.

Circuit Court Convenes Here Next Monday

The October term of the circuit court will convene here on Monday, with prospects of a longer docket than usual. Judge Joel W. Flood will open court at 10 A. M. Monday and then the grand jury will go into session.

Sent on to the grand jury this week by trial justice Chas. F. P. Crawley was a case involving hit and run and driving without a permit and other charges, against a 17-year old county youth. This case followed an automotive accident on Monday night on Route 26, in which Harold Pennix, Negro, 35, was killed. The youth was apprehended the next night by state and local officers who were working on the case. Pennix lived on Route 1, Appomattox.

Some twenty appeal cases from the lower court are up for hearing before the circuit court. Most of these are the aftermath of a series of ABC raids early this summer, in which lower court convictions were handed out to a large number of defendants.

Three civil cases will come before the court during the session.

Farmers Are Satified With Govt. Program

The recent survey, known as the Family Farm Policy Review, conducted by the local Agricultural Mobilization Committee on behalf of the U. S. Department of Agriculture, reveals that the majority of persons expressing opinions feel that agencies of the Department of Agriculture are satisfactorily serving the family farm.

Every effort was made to get as many farmers as possible to express their thinking on agricultural agencies and offer suggestions for improvements. Those persons who took advantage of this opportunity presented some very timely hints for the betterment of agricultural programs.

Due to inadequate on-the-farm storage facilities much thought was given to increased government approved storage space in this area, which would enable more farmers to store their grain and hold it for better prices. At the same time this would promote a more orderly system of marketing.

Constructive criticism of the federal Crop Insurance Cooperation indicated that the present rate of coverage is too low and should be increased to the extent that a tobacco grower could insure his crop for a coverage more in line with the actual value of the crop.

Other suggestions offered such as the promotion of rural telephone service and better cooperation with the Forest Service in preserving the nation's forest were included in the report on the survey prepared by the County Mobilization Committee and forwarded to Washington, along with the reports from other counties to be reviewed by head officials of the Department of Agriculture.

Auxiliary to Meet Monday

The American Legion Auxiliary will meet Monday night at 8:00 o'clock, at the home of Mrs. Reginald Spahr. Candidates for membership will be approved at this time.
